

Dear SSPH+ colleagues,

We kindly invite you and other interested colleagues to join a SSPH+ workshop focusing on **“Audiovisual Literacy for Health Researchers: SSPH+ Course Curriculum Development”** that will take place **in Basel on Friday 9 March 2018.**

Considering the rapidly growing importance of using audio and visual tools for **scientific information dissemination** (e.g. videos showing research reports as supplements for journal articles or for raising awareness of policy makers or the public) training health researchers (PhD students, Postdocs, and Senior staff - including Professors) is crucial. However, such courses are missing in Switzerland.

To close this gap the workshop aims to:

- (1) discuss the needs and expectations among SSPH+ members related to an Audiovisual Literacy (AVL) Course;
- (2) develop a curriculum for audiovisual literacy for implementation at SSPH+.

This one-day workshop will take place:

**on Friday, 09.03.2018, 10:00 – 16:00 hours at the Swiss Tropical and Public Health Institute in Basel.**

Please share this invitation with interested colleagues. As places are limited, we kindly ask you to register for this workshop by **22.12.2017**. To register, please follow this link:

[AVL Workshop Registration](#)

Participants should prepare a 3-5 minute speed talk covering their institutional AVL experiences (if any) as well as their expectations related to such a course.

We look forward to welcoming you or your colleagues in Basel!

Best wishes,

L. Suzanne Suggs, Axel Hoffmann and Constanze Pfeiffer
