CONFTOOL

By clicking on the image on the left you will be sent to our registration system, Conftool. After the creation of your profile, you will be able to enroll in courses. BE CAREFUL to not enroll in overlapping courses!

So, for the first half of the week, if you are registering for a 3-day course, you cannot register for any other course. Instead, if you are registering for a 1-day course, you can only register for another 1-day course (but not a 3-day course).

For the second half of the week, where only 3-day courses are offered, you can choose only one course.
