The University Hospital Basel is one of the leading hospitals in Switzerland. Due to our intensive collaboration with the University of Basel and the proximity to several major international life science companies, we are optimally positioned within an innovative knowledge transfer network that operates at the highest level of research, teaching and patient care. With approximately 7’100 employees from 86 countries, we are fully committed to our work and meet the highest professional standards. Join our team – Because our jobs offer more than elsewhere

Cochrane Insurance Medicine (CIM) is a Cochrane field with a focus on knowledge translation to get research findings to the point of decision making. Insurance medicine provides insurers with health-related recommendations. CIM is integrated in the academic competence center for evidence-based insurance medicine, EbIM, with its focus on clinical research with relevance for care. Located at the Department of Clinical Research, EbIM collaborates on a local, national and international level.

Starting immediately or by agreement, we offer the following position

**Researcher/Cochrane Coordinator 50-70%**

**Your responsibilities:**
- Participating in writing systematic reviews and in research on knowledge translation
- Translating and communicating research results in lay language (German & English)
- Participating in training activities on evidence-based medicine and systematic reviews (German & English)
- Supporting the board of directors of CIM and take responsibility for the website
- Ensuring communication within CIM, within Cochrane and to the insurance medicine community.

**Your qualifications:**
- Training in a medical or allied discipline (physician, rehabilitation), minimum level Master degree including some formal training in research methodology
- Previous experience with Cochrane; experience in writing systematic reviews
- Proficiency in German (C1) and English (C1), French would be an asset
- Very good writing skills and fluent use of electronic communication tools
- Willingness to travel internationally and to learn about insurance medicine and health systems
- 2 to 3 years of professional experience (compulsory)

**What we offer:**
- A multi-facetteed and varied role in an academic environment
- An exciting position in a dynamic international team
- Training and development opportunities
- A family-friendly personnel policy
- A campus in a central location with good transport links

For further information please contact Frau Prof. Regina Kunz, Head of EbIM, regina.kunz@usb.ch

Frau Monique Imhof, Human Resources, is looking forward to receiving your online application (reference 17015).
