

Qualitative Health Research: ADVANCED module: Appraising qualitative health research

Facilitators

PD Dr. Christina Akre, PhD

Unisanté – Head of Social Sciences Sector – Department of Epidemiology and health systems (DESS), Université de Lausanne

Dr. Yara Barrense-Dias, PhD

Unisanté – Senior researcher in Social Sciences Sector – Department of Epidemiology and health systems (DESS), Université de Lausanne

Description

Qualitative health research helps grasp behaviors and practices of patients and populations, combined with the meaning health professionals and stakeholders give to their practices and actions, both are known to underlie and influence health practices.

By giving particular attention to the context of an intervention, qualitative research is particularly effective for evaluating programs and practices in the public health field. It allows to reflect on the broader health care context, with its socio-cultural and historical features.

Objectives

In continuation of the basic module and addressed to (semi) experienced researchers in qualitative research, this advanced module will be based on the use of common data collection tools, coding analysis process with discussion building and derived theory, as well as quality criteria discussions and a focus on grounded theory. Participants will categorize and hierarchize the emerged themes and will be led through the whole analysis process, from classification and contrasting, to the writing of results and discussion of qualitative dissertations and manuscripts.

Learning outcomes: discuss and appraise quality in research protocols and papers; conduct a qualitative study themselves, as well as put emphasis on the importance of the theoretical framework underlying the interpretive process of researchers.

Dates

24 - 25 November 2025

Eligibility	Open to students who followed the basic module, and experimented researchers in the health field.										
Course Structure	Presentations, guided discussions, small assignment during the course, multimedia course material, group exercises, classroom experience of conducting qualitative research, interactive sessions.										
Assessment	Participants will present in groups the full protocol they established and receive feedback from their peers and facilitators.										
Credits	<p>1 ECTS</p> <p>Preparation work: 4 h; Contact time: 16 h; Follow up: 6 h</p> <p>(1 ECTS corresponds to appr. 25-30 hours workload)</p>										
Location	Unisanté, University of Lausanne										
Course Fees	<table border="1"> <thead> <tr> <th></th> <th>1 ECTS</th> </tr> </thead> <tbody> <tr> <td>SSPH+ IGC PhD Students</td> <td>30 CHF</td> </tr> <tr> <td>SSPH+ IGC MD Students</td> <td>30 CHF</td> </tr> <tr> <td>External PhD students, external MD Students and Swiss Public Health Doctors in training</td> <td>300 CHF</td> </tr> <tr> <td>Others</td> <td>800 CHF</td> </tr> </tbody> </table>		1 ECTS	SSPH+ IGC PhD Students	30 CHF	SSPH+ IGC MD Students	30 CHF	External PhD students, external MD Students and Swiss Public Health Doctors in training	300 CHF	Others	800 CHF
	1 ECTS
